<ul style="list-style-type: none"> <li>4 Channel 3G enabled H.264 Real Time Digital Video Recorder (DVR)</li> </ul>	<ul style="list-style-type: none"> <li>The latest and best compression technology for reviewing live or recorded events on site and remotely, for example from work to home, vacation to work, home to cottage etc. View your cameras via any high speed internet based computer located anywhere in the world or from your cell phone basically anywhere. Be in control and monitor what's valuable to you.</li> </ul>
<ul style="list-style-type: none"> <li>VGA and Composite Video Output</li> </ul>	<ul style="list-style-type: none"> <li>Connects easily to your TV or computer monitor for easy reviewing.</li> </ul>
<ul style="list-style-type: none"> <li>3G Mobile Surveillance and e-mail notification</li> </ul>	<ul style="list-style-type: none"> <li>Security system e-mails your cell phone in the event of an intrusion &amp; allows you to view live events on your cell phone...WOW...now that's cool &amp; helpful.</li> </ul>
<ul style="list-style-type: none"> <li>Easy Mouse Driven or Remote Control Graphical User Interface.</li> </ul>	<ul style="list-style-type: none"> <li>Like your computer or TV this system is simple to use. Don't worry we'll show you how. Includes both a mouse &amp; remote control. Use which ever is easier for you.</li> </ul>
<ul style="list-style-type: none"> <li>400 gigabyte industrial grade storage can hold weeks or months of recordings</li> </ul>	<ul style="list-style-type: none"> <li>If it ever gets full no worries, it just starts at the beginning again and records over old data.</li> </ul>
<ul style="list-style-type: none"> <li>Easy USB Memory Stick Back up.</li> </ul>	<ul style="list-style-type: none"> <li>If you need to provide evidence to say the police, simply back up video recordings to a USB memory stick and give it to them. It makes capturing the bad guys a lot easier.</li> </ul>
<ul style="list-style-type: none"> <li>High Quality Video Record &amp; Playback Resolution</li> </ul>	<ul style="list-style-type: none"> <li>Records and plays back at 30 frames per second per channel. It allows you to view live or recorded events clearly from almost anywhere when connected to high speed internet on your computer.</li> </ul>
<ul style="list-style-type: none"> <li>High Quality Sony Cameras</li> </ul>	<ul style="list-style-type: none"> <li>There's no compromise when using Sony CCD &amp; DSP electronics. They're just superior. Outdoor or indoor, day &amp; night, wide view 3.6 ml cameras, with built in infrared and approximately 15-20 metre night vision... If intruders are that close it's to late they've likely got bad intentions.</li> </ul>
